Dear Sir/Madam,

I am writing to express my interest in any open System Developer positions where I can contribute my skills and experience to meaningful projects. With a strong background in website and management system development, I bring a solid understanding of designing, building, and maintaining large-scale systems, including enterprise and government solutions.

Most recently, I was part of the development team behind a national Health Information System serving five regional hospitals. The platform currently manages over 200,000 patient records and supports critical healthcare workflows. This experience highlights my ability to deliver robust, scalable, and secure solutions in high-impact environments.

I am passionate about building systems that are both innovative and reliable, and I would be excited to bring that same energy to a new team. My resume is attached for your review, and I would welcome the opportunity to discuss how I can contribute to your ongoing or upcoming projects.

Thank you for your time and consideration.

Sincerely,
Hamse Abdi Mohamed

Personal Detail

Name: Hamse Abdi Mohamed

Phone Number: 634690798 - 638189901

Gmail: hamsesulup@gmail.com

Address: Gelle Sulub, Gamta Rd, Awyusuf Rd, Rd Number 1, Hargeisa.

Personal Summary

I am a system developer with over two years of work experience and a strong background in developing real-world projects. Since 2023, I have been working as a system developer on one of the most important projects in Somaliland, the Somaliland Health Information Management System (SHIS). This project, managed and implemented by the ICDF, which is owned by Taiwan, has been successfully rolled out in four regional hospitals, including those in Hargeisa, Burao, Borama, Berbera and Erigavo. The system manages over 200,000 patient records, with more than 300 doctors using it daily.

I am flexible, reliable, and possess excellent timekeeping skills. I am enthusiastic, self-motivated, responsible, and hardworking. As a mature team player, I adapt easily to challenging situations and can work well both in a team environment and independently using my own initiative.

Education Background

Qualification	School	Year
Bachelor Degree	Frantz Fanon University	2022
High School	Ma'rif Secondary School	2019
Diploma in ICT	Tisqaad College	2020

Workshop and Bootcamps

Qualification	School	Date
